About the role

We are looking for a passionate and inspirational teacher to join our Year 4 class from January until the end of the school year, working alongside our committed crew.

Kelsall is a single-form entry, Outstanding primary and nursery school at the heart of a rural Cheshire village. We pride ourselves on our nurturing ethos, where every child is valued and included, and our motto, A Love for Learning, runs through everything we do. We are crew, not passengers: children and adults learn together, look after one another and take responsibility for our community.

We are looking for a great teacher who can create and maintain an engaging, immersive and supportive classroom while keeping children safe at all times. You will plan, prepare and deliver a creative and inspiring curriculum that ensures our children are ready for their next stage of education. You will build strong relationships with children, families and colleagues, be highly reflective and aspire to be the very best teacher and role model you can be.

Our highly experienced and talented staff generate ideas, are open to possibilities, seek opportunities and understand the privilege and importance of our role as educators. We believe that education changes lives.

Our teachers often teach in different year groups over time, so experience of, or a real interest in, teaching across both key stages would be an advantage.

Please look at our school website to find out more about us, our ethos and our curriculum.
